12 April 1984

Second Quarter - Quarterly Report

Improve the Retention Rate for Employees

STAT	FY 1984 - 5	OP/HRPS OP/CAD	

1. Activity This Period:

HRPS has produced a formal review covering Agency attrition for the past five years. This review contains statistics and color graphics and covers directorates and Career Services by subcategory.

Initial statistics have been compiled to begin analysis on separation reasons and trends. This analysis will be aimed at occupation groups, directorates, length of service, and age.

2. Problems:

Our major problems, to date, have been the long delay in getting the initial data dump from the database and other priority projects.

3. Status:

Proceeding approximately four weeks behind initial plan.

4. Plans for Next Period:

Complete in-depth analysis on separation reasons and trends and recognize major attrition targets.

Second Quarter - Quarterly Report

Time-In-Grade Consistency

STAT FY 1984 - 6 OP/HRPS OP/ID			FY 1984 - 6	STAT
--------------------------------	--	--	-------------	------

1. Activity This Period:

Statistics which provide information on directorate time-in-grade experience have been reviewed and several inconsistencies and patterns noted. A survey of directorate personnel officers has been taken to document policies and rationales for these inconsistencies. All tabular data and graphic illustrations have been prepared and recommendations formulated for policy changes.

2. Problems:

None encountered to date and none anticipated.

3. Status:

A final report with recommendations is being reviewed in PA&E and should be released shortly.

Approved For Release 2005/08/03: CIA-RDP86-00024R000100010008-1 0BJECTIVE AND ACTION PLAN

Second Quarter - Quarterly Report

Improve the Retention Rate for Employees

FY 1984 - 5 OP/HRPS OP/CAD/PB	FΥ	7 1984 -		OP/HRPS OP/CAD/PB	
----------------------------------	----	----------	--	----------------------	--

STAT

1. Activity This Period:

HRPS has produced a formal review covering Agency attrition for the past five years. This review contains statistics and color graphics and covers directorates and Career Services by subcategory.

Initial statistics have been compiled to begin analysis on separation reasons and trends. This analysis will be aimed at occupation groups, directorates, length of service, and age.

Placement Branch has begun conducting pre-resignation interviews to determine reasons for employees decision to resign.

Employee counseling and re-assignment assistance program has begun.

Administration of vacancy notice system has been taken over by Placement Branch.

2. Problems:

HRPS: Our major problems, to date, have been the long delay in getting the initial data dump from the database and other priority projects.

OP/PB: Critical shortage of staff officers in Placement Branch. Currently, there is one full-time staff officer, one full-time secretary (who arrived in April) and one independent contractor. Chief, Placement Branch has been named but will not be available until at least the end of May.

The notice concerning the pre-resignation interview program was not published until late March. It was described as a voluntary

Approved For Release 2005/08/03 : CIA-RDP86-00024R000100010008-1

program and we have been experiencing some reluctance on the part of the employees to come all the way to ______for a voluntary program.

We are attempting to identify trends in the statistical data and we have some very preliminary conclusions. However, our database is much too small at this point to make any real judgements.

3. Status:

HRPS: Proceeding approximately four weeks behind initial plan.

OP/PB: Should meet the third quarter objective as scheduled, assuming that appropriate staffing is available.

4. Plans for Next Period:

HRPS: Complete in-depth analysis on separation reasons and trends and recognize major attrition targets.

OP/PB: Continue to establish its database and determine if any trends are apparent.

Consider whether to continue with interviews on a voluntary basis.
